July 3, 2021

Dear Bretton and Stacey,

It is such an honor for me to join the Greenville Symphony and our larger community in honoring the Walberg family for all you have done to help our region throughout the pandemic.

In a unique time of enormous anxiety, illness and isolation for our region and our nation, Bretton Walberg, his family, staff and community volunteers went above and beyond the call of duty to administer COVID-19 vaccines in a remarkably quick, organized and compassionate manner. When the need arose, they immediately modified their operations to expertly meet the health care needs of the community.

My office heard from countless individuals who expressed that they owe their vaccine, their health, and their restored family togetherness to the Walbergs, their staff, and these volunteers. In the aftermath of this nimble vaccination effort, the Walberg name has become synonymous with excellence in service. In partnering with them and the Acting Secretary of Health to obtain a steady supply of vaccines from the extremely limited distribution, I was able to see the Walberg operation first-hand, and my admiration and appreciation for their care and responsiveness endures.

Although I was unable to attend today's event in person, please accept my heartfelt thanks, along with this formal certificate, in grateful tribute to the Walbergs' exceptional dedication and service to our beautiful community. May you always be a force for healing and unity in western Pennsylvania. On this precious Fourth of July weekend, when we celebrate the birth of our nation, and its pledge to secure liberty and justice for all, may God bless our community servants, and God bless America!

Warmest regards,

A handwritten signature in cursive script that reads "Michele Brooks".
